

USB-C Digital AV Multi-port Adapter with Power Delivery

User's Manual

Introduction

The LINKIM USB-C Multiport HDMI Adapter helps simplify the ongoing adapter craze for your new USB-C enabled device. Charge your laptop with the USB-C charging port while the adapter is in use. The high speed charging port will charge up to 20V output allowing you to charge at full speed. Add another display to your laptop with the HDMI input. The high definition HDMI input easily handles resolutions up to 3840x 2160 at 30Hz. The port is also backwards compatible and able to handle 720p and 1080p. The USB 3.0 port supports 5Gbps transfer speeds. Connect any USB compliant device for syncing, transfers and charging. The compact size of this adapter makes it perfect for home or business travel use.

Specification:

Model	MU-03
Input	USB-C
Interface	HDMI*1; USB-C*1; USB-A*2
Operating Environment	Working: 0~50 °C; Storage: -20~60 °C
Dimension	89.5*55.45*12MM
Weight	92g
System Requirement	Windows xp / vista / 7/ 8/10; MAC oS; Linux

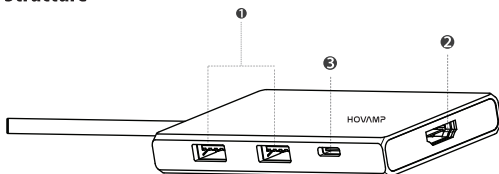

Features:

1. Chipset: Taiwan VL102+VL813+PS176
2. Professional VL102 Power Management Solution support PD charging with Voltage rate from 5V ~20V.
3. Standard USB3.0 output ports support 5GB/s
4. Impossibly thin, small reversible type-C connector input.
5. Anodized matte aluminum casing with generous appearance and nice feeling
6. 1080P/60Hz or UHD (3840*2160)/30Hz supported
7. OS supported : Windows XP/Vista/7/8/10 (X86/64); Mac 10.8~11.1; Chrome OS

Package Contents:

1. MU-03X1
2. User Manual.....X1

Structure

1. USB 3.0*2
2. HDMI (to monitor)
3. TYPE-C
